David, it was updated this evening.
GIS in EOC is manually updating until we switch over to new, more robust viewer.

If this means on the embedded map - NOTE - Web team doesn't update the map.

If you mean in the text BELOW the map, please clarify.

EOC will need to approve before anything can be posted.

Region 9's sampling locations are not being reflected on the Gold King Mine page (<http://www2.epa.gov/goldkingmine/data-gold-king-mine-response>). Would you please see if they could be added? Thanks!
